Preface

As one of the project managers who work for a PMP, I have experienced a long time since I have started and now I want to share my experiences with you. I have written this book to help you understand and learn the PMP process and how to manage a project successfully. The book is written for those who are new to the PMP process and for those who want to refresh their knowledge of the PMP process. This book is intended to help you understand the PMP process and how to manage a project successfully. I hope this book will be a helpful guide for you.
